

I Am A Nurse

Chorus:

G D G D G
I am a nurse, I am a nurse,
Em D C G Em D GCG
It don't get much better than this, but it don't get worse.
(Repeat)

VS 1:

G C D GCG
I went to roll this comatose over, and accidentally rolled him out of bed,
G D Em Am7 D
And when he landed on the floor, it was upon his head,
C G Am7 D
But he came out of a ten year coma, got up and thanked me for the fall,
G C Em Am7 D
But his wife and her attorney, next day sued me for it all.

Chorus:

I am a nurse, I am a nurse,
It don't get much better than this, but it don't get much worse.
(Repeat)

Vs 2:

No I'm not the doctor, yes I know that I'm a man,
Now would you please just turn around? I think you understand,
That I have got this needle, I promise I will do it fast,
Now would you please shut up, and drop your drawers
And let me stick this in your...left thigh?

CH:

I am a nurse, I am a nurse,
It don't get much better than this, but it don't get much worse.
(Repeat)

Bridge:

C Em Am7 D
Oh doctor, doctor hear my plea, hands on the patient, not on me,
G D Em Am7 D
Is that an R or S or T? Your writing is so hard to read.

I am a nurse, I am a nurse,
It don't get much better than this,
But it don't get much worse.
(Repeat)
